

# Review for Exam #2

April 18, 2022

# Administrative Notes

Exam 2 is Wednesday, in class

FYI, the final is Monday, May 23, 3:30 - 5:30 pm in ITE 104

HW6 is due tonight

- There are no more homeworks; only the last two projects

Project 2 is due next Monday, April 25

- I may extend that until the 27th; I'll let you know

Project 3 is later

# Exam 2 covers:

Emphasis on:

- 2D lists
- File I/O
- Recursion
- Dictionaries
- Binary and hexadecimal - note: you will not need a calculator for any math

Includes:

- All previous topics, but more functions than anything else
- But you're not allowed to forget what a float is.
